

Washington D C

July 18. 1867

The undersigned delegates
from the Shawnee tribe of
Indians do hereby certify
That we have duly considered
a deed of conveyance from
Elizabeth Rogers Milam and
sole heir of Thomas Rogers, to
John B. Brooke, dated May
28. 1863. Thomas Rogers was
the head of a family con-
sisting of himself, the
said Elizabeth and George
Rogers. The said George and
Thomas are both deceased
and the said Elizabeth
is their sole and only heir.
It appears that the said
Elizabeth has sold 160 acres
of the 600 acres allotted
to the family of her late
husband, and if the deed
to Mr Brooke is approved
her total conveyance will
amount to 360 acres, being
60. acres more than one
half of the entire allotment

but in view of the fact that
Mr Roscher appears to have
made the purchase in
good faith, we are of opinion
that his deed should be
approved. The said Elizabeth
has married again and
is in comfortable circum-
stances and retains 240 acres
of land after the deed in
question shall have been
approved.

We have also examined
a deed from Nathan King
to said Roscher and recom-
mend that it be approved.
