May 21st 1867

Sir

I certify on honor that I know of my own personal knowledge of about One hundred and Eighty seven persons members of the Black Rob band and Absentee Shawnee Indians who are in a destitute and suffering condition for want both of clothing and subsistence. We therefore appeal to you in the name of justice and humanity, that speedy measures may be taken to relieve our sufferings, and hope that you will as Agent exert yourself to bring about this result.
