Sept 1867

Mr Commissioner

Sir

Jay Wm Gibson an absentee Indian of the tribe requests information in regard to his patent if it has been sent to this Agency or not. All that we find here through the agent is the papers of the Select Commission and Approval By Agent B. Z. Mearns. We were under the impression that the patent was here Gibson is very low being sick and the reason of his not calling earlier for his patent, he was a Soldier in the Army and when he left there he returned South away from this Agency, he arrived here a short time ago and has been sick since his return. On early response to this letter

will be gratefully received  
I remain your Obedient Servant
