

Shawnee Council Room, Shawnee

June 5th 1867.

We the undersigned, Chiefs
of the Shawnee Tribe of Indians would
most respectfully represent that
there are at least fifty Shawnee
Indians who have been in several
who are destitute of means of living
and actually need assistance to
prevent them from suffering and
we feel it our duty to call the
attention of the Department to
this matter in order that some
means shall be provided to
relieve said destitute Indians
of their present necessities, and
we would respectfully urge that
you give the matter your ear-
nest and early consideration.

Very Respectfully
Your Obedt. Servts
